This Life Skills group is meant to help adults 18 and over improve the quality of their lives by focusing on health and wellness. It would be appropriate for those with a significantly altered lifestyle as a result of an acute or chronic medical condition, medical disability or work-related injury as well as those with depression, anxiety or chronic pain. This is an open ended group and can be started at any time. Copays and deductibles are due at each session. If there is no insurance, payment arrangements must be made in advance.

Please call **Dr. Glovan** at **440 392 2222 Ext. 302** for an initial assessment
